anyplace, everywhere, noplacel, someplace (advs.)

Most of these relatively young compounds are Americanisms. They are usually labeled Informal or Colloquial and should be limited to the Conversational levels and the writing that imitates them, although they do occasionally occur in Edited English, as in *They said to put our coats anyplace we like*. Some commentators have insisted that because *place* is a noun, adjectives such as *any* ought to modify it only in two-word phrases, e.g., *Any place we can park will serve* and *Sit in any place you choose*. But the compound has now clearly become an adverb.

Utopia

From Wikipedia, the free encyclopedia

For other uses, see Utopia (disambiguation).

Utopia (from **Greek**: οὐδὲ *no*, and τόπος, *place*, i.e. "no place" or "place that does not exist") in its most common and general positive meaning, refers to an imaginary, ideal civilization, which may range from a city to a world, regarded to be attainable in the future by some. Human efforts to create a better, or perhaps perfect society are called utopianism. Ideas which could be/are considered able to radically better the world are often called utopian ideas.
